

Dear Parent:

I would like to take this opportunity to introduce you to our athletic training services that are provided to the student athletes at St. Edward High School.

I will be serving as the athletic trainer at St. Edward High School. As a nationally certified and Ohio licensed athletic trainer, I am educated and skilled in the services of injury prevention, injury recognition and evaluation, and orthopaedic rehabilitation. I will be available to evaluate and treat injured athletes as well as provide injury prevention information.

In addition to my services we are fortunate to have Dr. Michael Scarcella, Cleveland Clinic Orthopedic Surgeon; and Dr. Marie Shaefer, Cleveland Clinic Primary Care Orthopedics, as team physicians for our school. Dr. Scarcella treats athletes at his offices in Avon and Fairview, and Dr. Shaefer treats athletes at her offices in Lakewood and Garfield Heights. Both are also present at many St. Edward High School athletic events. We are also fortunate to have Ernest Miller, Physical Therapist, on staff with us as well.

It is also important to understand that not all injuries can be treated in the high school training room. If an injured athlete requires additional medical attention, Cleveland Clinic Sports Medicine can provide priority scheduling with one of our sports medicine physicians.

If you need to speak with me, I can be reached at the St. Edward High School Training Room [(216) 521- 8828 ext. 280] or at bwarner@sehs.net or warnerb@ccf.org

I am looking forward to the upcoming school year and wish the best of luck and safety to your son in their sports season.

Sincerely,

Brian Warner, AT, ATC
